

New Amendments to the Constitution

Amendment 3:

Drafted by: Wonjun Jeong, Sam Lau, Vincent Tian, Tony Wu and Alton Zheng

Proposed by: Executive Team

This amendment involves the clauses which prevent Executive Team members from holding the same position more than twice. This amendment pertains to Article IV of the constitution, sections 2-6. This amendment proposes the dissolution of item 2 of each section in exchange for a new item 5, in section 1 of Article IV as the following:

- 5) An executive team member may only be appointed to the same position more than twice if they are elected unopposed.

Amendment 4:

Drafted by: Wonjun Jeong, Sam Lau, Vincent Tian, Tony Wu and Alton Zheng

Proposed by: Executive Team and General Members

This amendment proposes the adoption of “Blueprint Values.” These values will be upheld by all Blueprint members regarding all internal and external affairs. These values are implemented for the following reasons:

- 1) They will serve as a vehicle to preserve our culture across organizational cycles
- 2) They will allow members to consistently make decisions with the organization’s best interests in mind
- 3) They will refocus our organization towards achieving our mission and vision

This amendment proposes the addition of section 3 to Article II as the following:

Section 3:

We, the members of Blueprint shall be upheld to the following organizational values. These values further embody our mission and vision, determine how we make decisions, and reflect how we behave and act, collectively and individually.

Mission First:

We as Blueprint members ultimately unify under one goal - achieving our mission. We place the interests of the people and clients we serve above our own. Our primary measure of success is the amount of positive impact we create through our work.

Perpetual Growth:

We as Blueprint members value the academic, social, and personal growth of our peers. We constantly seek to perpetuate the cycle of learning and teaching, for our benefit and for others'. We strive to offer a helping hand in times of need and push each other to succeed.

Cherish Culture:

We as Blueprint members seek to not only enjoy our work, but also cherish our time spent together. Inside and outside of our projects, we develop long-lasting friendships that extend well beyond the scope of the organization.

Innovate:

We as Blueprint members recognize that change is both inevitable and necessary. We are committed to innovate and emphasize effective solutions as needed in order to remain relevant - nothing is sacred. We welcome new ideas and diverse thinking.

Stay Humble:

We as Blueprint members dedicate ourselves to volunteering for the sake of doing good. In the face of success, we maintain humility - we recycle our pride to fuel our constant pursuit of our mission. We remember that social good is for anyone and everyone, not just Blueprint.
